Lives of the Presidents of the United States in Words of One Syllable – Helen W. Pierson

## Lives of the Presidents of the United States In Words of One Syllable Helen W. Pierson

This book consists of simplified biographies of the first 23 Presidents of the United States written chiefly in words of one syllable. Books such as this one were popular around the turn of the 20th century as a way to help children learn to read. A book like this could also be useful for ESL learners as well.
